May 19, 2014

Dear Mrs. Kathy and Mrs. Vivianna,

Thank you for coming to our school and showing us a space program in the discovery dome! I learned about President Kennedy, the moon walk, and International Space Station. I can't wait to go to the March Field Air Museum! I'd love to see the Space ships and go inside them! I loved the presentation you showed us! I might even be an astronaut when I grow up!

Thank You

Sincerely,
